

Bigfusor II Massive Ebony Sonitus

399,00 €

Galerie

Description courte du produit

Bigfusor II Massive is a 2D diffuser made from solid Beech wood. Because of its curved design, besides diffusion, the reflection direction can be controlled very precisely, so we like to call it a 2,5D diffuser. It is a heavy weighted piece of equipment that has almost 0% absorption.

Once you hear it, you will love it !
