- Ready for Dirac Live® room correction

Description du produit

Rich Musicality + Immersive Sound = Stunning Realism

The Arcam AVR5 is a high-performance audio/visual receiver that delivers stunning realism for the ultimate home cinema experience. Native 12-channel decoding of immersive audio from Dolby Atmos and DTS:X, the AVR5 can deliver incredible theatre experiences.

The Arcam AVR5 is designed with a passion for music and movies, bringing both to life with truly high fidelity. The AVR5 features an over engineered power supply and transformer for real world power with low noise. The Class AB amplifiers are based upon those in Arcam stereo amplifiers, guaranteeing musicality otherwise not heard from other AV receivers.

The performance and musicality can be accessed immediately with integrated streaming using Apple Airplay2, Google Chromecast, Bluetooth with aptX®HD, Spotify Connect, and UPnP with the MusicLife app.

PRODUCT DETAILS

- Dolby Atmos & DTS:X 7.1.4 decoding
